

SPOONSVILLE FUN at GREEN BAY SCHOOL

You may have seen on The Project (TV3) recently, an item on communities around the world creating their own 'Spoonville' during lockdown.

Green Bay School would like to share some Spoonville fun too. If you haven't heard about the new craze – Spoonvilles are handmade 'villages' of spoons created and planted on grass strips. They're just what we're needing in this very long time at home to bring some enjoyment and fun, especially for our children, amidst this pandemic.

Your spoon people can be made from wooden (not plastic) spoons with any assortment of craft materials you have around the house – get creative! Even better, scavenge through your garden and find twigs and leaves to make your natural spoon.

Or you can collect a wooden spoon from the container that we will place on the roadside outside school (nearest the swimming pool) on *Tuesday (26 October)*. Take it home and decorate your own wooden spoon then come back and plant it.

Create a fun character based on a book, a movie character or even yourself or someone in your family, making sure that the decorating will last outside in the changeable NZ weather.

HAVE FUN AND WATCH OUR GREEN BAY SPOONSVILLE GROW

SPOONSVILLE RULES

Place your wooden spoony person in the designated grassed area alongside the school pool fence.

Make sure bits don't blow off your spoony person - we don't want to litter.

Spoonies aren't keen on dogs - so please, no dogs on the school grounds.

Come and see the spoony people but don't stay too long and no touching please!

Take their photo, Spoonies are very photogenic 😊
