Or

Epic read a book about sharks or about Fish. Write 5 facts that you have learnt. **Or** **Draw** your favourite fish or shark and write about why you like them.

Watch [Zoo tales](#) - Anjalee and Burma

Do you think these elephants are African or Asian? Why? Tell someone one what the difference is.

or

[Elephant facts - Auckland Zoo](#)

or

Make elephant finger puppets and then make up a story. You may like your puppets to be Anjalee and Burma from Auckland Zoo. Present your puppet show to your family.

or

[How to draw an elephant](#)

Draw a picture of an elephant and label its parts. Tusk, ear, trunk, tail, mouth, skin.

Phonics

Gr - how many words can you think of that begin with gr? Now write silly sentences using as many of these words as you can.

or

draw your octopus.

Writing

Would you like to have an elephant as a pet? How would you look after it? What would you do with it? What could go wrong? Write a narrative about having a pet elephant.

Remember to include a problem and a solution.

When you have finished read your story out loud twice and check your full stops and capital letters.

Have you included describing words and interesting doing words in your story?

Or

Write a narrative about sea creatures.

Remember there is always a problem and a solution in a narrative.

When you have finished read your story out loud twice and check your full stops and capital letters.

Ideas for learning and exploring fractions

Doubles and halves to 20 and quarters for 4, 8, 12, 16 and 20.

You can go further if you're an expert or learning to be an expert.

Use the language of fractions when preparing meals.

Identify the symbols for common fractions half, quarter, third, fifth and tenth.

Talk about the idea of fair/equal shares.

Find half, third and fourth/quarter of a piece of toast, sandwich, pizza, pikelet etc.

How would you share a block of chocolate between 4 people equally/fairly?

How many halves are equal to one whole?

How many quarters/fourths are equal to one whole?

How many quarters/fourths are equal to one half?

How many thirds are equal to one whole?

How many different ways can you cut a piece of bread/toast into quarters/fourths?

Can you cut a pizza, pie, circle shape into halves, thirds, quarters/fourths and fifths?

If you have playdough at home you could use that to explore fractions too.

Use some cutlery, toothpicks, lego or toys to find fractions of sets/groups of things.
