

OCTOBER HOLIDAY PROGRAMME

Zero Waste: Upcycling, Remaking and Reusing

Monday | Make your own wearable mask using found materials and paper-mâché.

Tuesday | Clay day: learn a variety of techniques using air drying clay to create your own art works.

Wednesday | Use everyday, found materials to design and create 3D artworks which also make sound!

Thursday | Clay day: explore using different techniques with air-dry clay to produce art.

Friday | Learn to do collagraph printmaking using a variety of found materials.

30 September – 11th October 2024, 10am – 2pm \$60 per day, 6–13 years

All classes include a tour of related exhibitions. Workshops supported by Tipping Point.

TERM 4 AFTER SCHOOL

Junior Artists Drawing Club

Explore the world of drawing. Students will learn drawing techniques and use a variety of mark-making tools.

Tuesdays, 22 October – 10 December, 3.30–4.30pm \$180, 6–13 years

Junior Artists Painting Club

Dive into the world of painting. Students will learn the fundamentals of painting as well as advanced techniques.

Wednesdays, 23 October – 11 December, 3.30 – 4.30pm \$180, 6–13 years

Junior Artists Sculpture Club

Explore the three-dimensional world of sculpture. Students will use clay, paper-mâché, wire, and found objects, combining sculpture with painting and drawing to realise a range of projects.

Thursdays, 24 October – 12 December, 3.30–4.30pm \$180, 6–13 years
