COVID-19

The government will announce next week, possible changes to the current COVID-19 traffic light framework. Our families will be advised of any changes that will affect our school after the government announcement and once clarification has been received from the Ministry of Education and Ministry of Health.

Thank you for continuing to let us know of positive cases in your household. We have again this week, seen an increase in the number of positive cases being 35, with our total positive cases for the last 6 weeks at 136. Our average student attendance at school this week was 84%.

If there are any positive cases during this weekend, please email the office at

admin@greenbay.school.nz

Reminder - GBKO – If your child tests positive and attends GBKO, please let them know immediately as well, so they can put their processes in place.

We hope that you and your family are coping, especially if you are household contacts and isolating. Please take care and look after yourselves. **Ministry Assistance link, help when you are self-isolating.**

Goal Setting Conferences are set up for next week (Week 10) via Zoom video conferencing, Monday 4 April – Thursday 7 April. Should there be any technical difficulties, or should the teacher be unable to attend their Zoom video conference at the last minute due to family/health reasons, we will endeavour to organise another time for you with the classroom teacher.

Stay safe and take care.

On behalf of all the staff at Green Bay School, we would like to thank you for your continued support of our school.
