Alert Level 2 Update

School is now open to all students.

Our first week back after lockdown has run very smoothly and we want to thank all parents/caregivers for adhering to the drop off and pick up timing for our students. **These Alert Level 2 Protocols will continue for next week also.** Further changes will be communicated once the Prime Minister has decided on NZ's next step.

We have had over 80% of our students return to school. Classes are hard at work again and students have taken up their learning tasks with vigour and excitement, friendships have been rekindled and normality is returning, along with another new normal of continuous hand washing.

Due to our Term 1 dates being changed by the Ministry of Education, we wish to advise that Tuesday 2 June will no longer be a Teacher Only Day, it will be school as usual on this day.

Enjoy your weekend, stay safe, save water and be kind to each other.

Kind Regards
Ngā mihi

Anand Muthoo
Principal
Green Bay School
