

SCHOOL ORGANISATION 2020

To all Parents/Caregivers

Each year, we determine the numbers of students in each year level at Green Bay School and make arrangements to cater for them. Next year, we anticipate having greater numbers of students across the school therefore we have increased the number of classes, accordingly.

The table below explains our whanau and class arrangements for 2020, the teachers in those classes along with whanau leaders in bold. A notice with information about your child's next year class will be inside their school report coming home on Thursday 19 December.
